

Michael B. Katz, Shareholder

"I make sure that my clients receive fast, reasonably priced, quality legal services. I work hard to make sure that they feel that they made the right choice in selecting both my firm and me, promptly returning phone calls and answering correspondence. My clients become my friends as well as my best references for future business, so I make sure that they understand what I am doing on their behalf, and that they have input into all key decisions. Keeping clients informed and involved is as important to me as it is to them."
